**M4/M16 CARRY HANDLE MIL-STD 1913/STANAG MOUNT, P/N 1037,
NSN 1005-01-534-8696
Fast Installation allows MIL STD 1913 and STANAG accessories**

Now standard-issue for the Israeli Defense Forces (IDF), and becoming extremely popular with the US Armed Forces, this lightweight and durable mount facilitates mounting of all optical devices on the M16-series carrying handle and won't block use of iron sights. Allows proper clearance for use of optics when wearing protective mask – an increasingly critical consideration when less than lethal force is required. Repeatable-zero with this combat-proven design. Quickly attaches to carry handle with a hardened thumb knob.

SPECS: 6061 T6 aluminum, black hard anodized per MIL SPEC. 5.250" (13.3cm) Long, 2.5 oz (70g) weight.

Part Number	Description
1037	M-4/M-16 MIL-STD 1913/STANAG MOUNT
