**SMITH ENTERPRISE 30MM WIRE EDM SCOPE RINGS,  
P/N'S 7008 & 7010**

30mm WEDM Low (0.265") Rings, P/N 7008

Smith Enterprise, Inc. Wire Electro Discharge Machined (Wire EDM) are the only rings made today with this absolutely stress-free manufacturing process. When absolute fail-safe operational requirements dictate, you can count on SEI WEDM Ring Sets. The WEDM Low Ring Set, P/N 7008 is optimized for optics with exit objectives 44mm and smaller, when used in conjunction with SEI M14 NSN Wire EDM Mounts, P/N's 2006 or 2008. For Exit Objectives up to and including 56mm, choose the WEDM Tall Ring Set, P/N 7010.

30mm WEDM High (0.865") Rings, P/N 7010

*SPECS: 4140 chrome moly wire EDM steel, with 1.0" inserts, black phosphate. Height (as measured from top of rail to inside radius of lower ring, w/o inserts): Low rings - (0.264"), High Rings -- (0.865").*

**Part No. 7008 SEI 30MM Wire EDM Rings, Low**

**Part No. 7010 SEI 30MM Wire EDM Rings, Tall**
